CERTIFICATION SUPPORT

If you need help with a Certification Path or with Certification Requirements, please contact the Certification Support Team at: certification@vmware.com

CANDIDATE AGREEMENT

The *Candidate Agreement* is a legal document between the candidate and VMware regarding participation in the VMware Certification Program including access to and use of any Program benefit, VMware Certification credentials, or any VMware Certification logo that VMware makes available as part of the Program.

CERTIFICATION OVERVIEW

The VMware Certified Professional - Desktop Management 2024 (VCP-DTM 2024) certification demonstrates an individual's proficiency in deploying and managing virtual desktops and applications using VMware Horizon. Job-roles associated with this certification include desktop administrators, mobility administrators, and consultants.

In this document we show the different certification paths available to earn the VCP-DTM 2024 certification, depending on what certifications you already hold. You may follow this guide as a learning resource of what is required of you to earn this certification.

FAQs

Why does the VCP-DTM 2024 have a year designator as its version?

Desktop Management solutions are frequently updated. Having a year as its certification version allows VMware to better maintain the exam and training content, and more importantly, provides certification candidates to communicate how current their skills are in relation to other certifications.

Do I have to complete the requirements in the order listed?

No, however we strongly recommend that you do so. Also, please note that successfully registering to take an exam does not imply that you meet the certification requirements in full.

How do I share my VCP-DTM 2024 badge?

When you've earned a VMware badge, you will receive an email notification alerting you to claim your badge. When you accept your badge, you'll be brought immediately into a sharing workflow that allows you to share to Facebook, Twitter, and LinkedIn, embed in a personal website, or share over email.

What are the benefits of a badge?

- A single source that combines your credentials and provides a complete overview of your skills.

- Digital badges allow for you to easily share your accomplishments in social media.

- Provides employers with easy, valid verification of your VMware credentials.
