FAQs

Which VCAP exam do I take to upgrade my VCDX-EUC to VCDX-EUC 2024?

To upgrade from a VCDX-EUC to VCDX-EUC 2024, you will need to pass the *VMware Certified Advanced Professional 7 - Desktop Management Design (3V0-752)* exam.

How does the VCAP-DTM Deploy 2024 count towards the VCIX-DTM 2024?

The VCIX-DTM 2024 is awarded once a candidate holds both VCAP certifications. If you hold the VCAP-DTM Deploy 2024 certification, you will need to only earn the VCAP-DTM Design 2024 certification to be awarded the VCIX-DTM 2024.

Do I have to complete the requirements in the order listed?

No, however we strongly recommend that you do so. Also, please note that successfully registering to take an exam does not imply that you meet the certification requirements in full.

What are the benefits of a badge?

- A single source that combines your credentials and provides a complete overview of your skills.
- Digital badges allow for you to easily share your accomplishments in social media.
- Provides employers with easy, valid verification of your VMware credentials.

How do I share my badge?

When you've earned a VMware badge, you will receive an email notification alerting you to claim your badge. When you accept your badge, you'll be brought immediately into a sharing workflow that allows you to share to Facebook, Twitter, and LinkedIn, embed in a personal website, or share over email.
